Before the art of knitting comes the art of yarn.

For the discerning, uncompromising knitter, Artyarns is the premier innovator of luxury yarns tailor-made to elevate the experience and art of knitting.

We import Italian cashmere and merino wools, Japanese silk and mohair, and Murano glass beads. Our couture yarns are custom plied and hand-painted in New York.

Artyarns inspires creativity through the intriguing combination of unique fibers and a palette of fashion forward colors. Artyarns was founded by Iris Schreier, a noted knitting author, who creates the palettes and fibers. She designs new garments and writes patterns on a regular basis. Her newest book, *One + One: Hats* (Lark, 2012) was published in November 2012 and features 30+ patterns using only 2 skeins of Artyarns.

Books by Iris Schreier of Artyarns

One + One: Hats 30 Projects from Just Two Skeins

“Knitters love to make hats--and One + One: Hats, the second book in Iris Schreier’s exciting new series, gives them a stunning array of fashionable, functional, and beautiful projects.

Best of all, each one uses only two skeins of yarn! The hats come in a broad range of colors and textures, and Schreier explores a variety of knitting techniques, from knit and purl to lace; stranded colorwork and slip stitch; and double knit.”

One + One: Scarves Shawls & Shrug: 25+ Projects from Just Two Skeins

“One + One = Two skeins! That’s all it takes to make any of these 25 breathtaking knitted accessories. Scarves, Shawls & Shrug is the first in a new series by renowned designer Iris Schreier that showcases the many possibilities of working with just two skeins of yarn. Mixing yarn types, weights, and colors, she presents a dazzling array of stylish and sophisticated wraps. Schreier created about half the projects herself, while other prominent designers provided the rest.”
